Adam Staten (AS)

Formulary Pharmacist, MKUHFT
Federation GP (for information)

**Minutes of the Prescribing Group Meeting held on
Wednesday 4th July 2018**

	Present	Action
	<p>Janet Corbett Fatima Mohri Leticia Sainty/CNWL Nikki Woodhall Nadia Shaw Aarti Shah Nigel Fagan Richard Simpson Jill McDonald Edward Sivills Bhervi Patel Sharon Wilmore Geena Kirpalani</p>	
1.	Welcome, apologies and introductions	
	<ul style="list-style-type: none"> • Apologies received from Helen Chadwick (Jill McDonald deputising) • Welcome to Leticia Sainty/CNWL representative • Nigel Fagan agreed to continue as Chair, supported by the group. 	
2.	Acknowledgement of declaration of any other business	
	None	
3.	Notes of previous meeting	
	The minutes from 7 th March 2018 were signed by NF as an accurate record of the meeting (typo on spelling of Warfarin (page 2) has been corrected)	
4.	Matters Arising from previous meeting	
4.1	<p><i>Federation Respiratory Project update</i></p> <p>NW met with Ruth, Erica and Theresa (nurses undertaking this project work) for an update – originally this was approved as a 6 month project for 2 whole time equivalent posts to undertake a review of all MK GP practice respiratory registers, provide medicine optimisation reviews and introduce an element of training. Unfortunately the time available from the 3 nurses has amounted to about one day or less per week. Ruth fed back that in 1 practice she found 22 out of 45 patients have been misdiagnosed. Rescue Packs on repeat are also highlighted as a problem. It was agreed that Sue Marshall (Pharmacy team) will work on this element up to one day a week to help, allowing the nurses to prioritise on reviewing practice registers.</p>	
4.2	<p><i>Edoxaban</i></p> <p>This is still being discussed with hospital consultants and is receiving good support from Haematology, DVT and community cardiology team who are happy to change. Still working on</p>	

9.	Eclipse RADAR update	
	<p>NW gave a brief overview of the system which extracts data from S1 and produces alerts (at anonymised level) that identifies patients at high risk of hospital admission and need an intervention (e.g. patient on Warfarin with a low Hb) – this has been nationally funded and used by other CCGs and has significantly reduced hospital admissions elsewhere.</p> <p>JC is working with primary care team to include RADAR work into the incentivising practices work (£3/head or future PIS target) to ensure practices engage with the system when it is rolled out.</p> <p>Eclipse are currently working with TPP to move to remote extraction of data and likely to sign off in the next week or so.</p> <p>This is work in progress and the team will be developing an implementation plan.</p>	JC
10.	MKPAG Update (May 2018 (Virtual))	
	<p>Dupe Fagbenro is working for the CCG one day a week to support the Formulary.</p> <p><i>Contraceptive formulary choices document for comment before going to MKPAG for sign off.</i></p> <p>JC has also received a request from Hayley Jenkins to add Kyleena IUD – an application will be submitted and if approved will be added to this list as well – any comments please let JC know.</p> <p>Also comments for Psoriasis, Dry Eye Syndrome and Vit K guidance to JC please as going to MKPAG end of July and if approved will be added to the Formulary.</p>	ALL DF
11.	To note new PGDs – see over	
	<p>PGDs noted by the group.</p> <p>Oxygen PGD – has been sent to Practices</p> <p>Other PGDs were sent to UCS.</p>	
12.	Future Agenda Items	
	None.	
13.	Date of Next Meeting	
	<p>Wednesday 5th September 2018 – 7.30am</p> <p>Venue: Boardroom 1, Sherwood Place, Bletchley</p>
